Juror’s Statement

Being the judge for this show was an unexpected pleasure. I loved the nice mix of work; collage, abstract and realistic. Each one of the pieces conveys a great sense of feeling. Choosing the winners was not easy; but then, the willingness to be judged sometimes can be just as difficult for the artist.
I am inspired by your willingness to let it happened. I hope you all will be encouraged to keep up the good work.
Lawrence Danecke
